## Z6, From Succeed To Exceed

## Full-featured Imaging Technologies

With full-featured imaging technologies which includes iBeam™, iClear™, Phase Shift THI, etc., Z6 will bring you more diagnostic confidence in improving patient care across a range of clinical applications.

### Comprehensive Clinical Applications

To improve your flexibility in different clinical applications, Z6 provides new designed probes which is lightweight and durable, ready to perform in any clinical situation.

### Prominent Ergonomics

To carry forward the classical ergonomic design of Mindray's Ultrasound, Z6 features smart new shape, compact size and lightweight for enhanced mobility that allow Z6 to perform anywhere, any time.

The Z6 portable Color Doppler ultrasound system is a well-balanced choice for those who require both the value of features from traditional color Doppler ultrasound system and the accessibility without any budget constraint. Inherited from our remarkable design and success, as always, in the field of developing ultrasound, the Z6 system will offer you amazing image quality and functionality with refreshing experience: **we've done better to help you achieve more.**

## Smooth Workflow

With powerful user-defined presets, auto image optimization and patient information management system, Z6 will bring you clear and smart procedure. Furthermore, Z6 provides onboard reporting and DICOM 3.0 which will greatly improve your workflow without any compromise in diagnosis accuracy.
